Awesome folks, they do a value service to all

Kayla Savoury

Spring cleaning had some old appliances, thought it would cost us quite a bit to get rid of them. This guy takes them for free. Awesome friendly service.

Was willing to come in Thanksgiving weekend, even tho they were closed, to look for an oven element for me if I couldn't find one elsewhere. He quoted me a fair price. I found one at a store he recommended I try. Thanks for your help!
